In the Matter of Complaint

Dear TODD GABLE

The Investigating Committee of the Rhode Island Board of Nurse Registration and Nursing Education (hereinafter "Board") has reviewed the complaint made against your nurse license. Based on the foregoing, the Board has concluded to close this case, at this time, since you complied with the Probation Consent Order.

The Board expresses strong concerns that in the future you act in a manner consistent with the professional demeanor required and expected of a nurse when providing care to patients. A level of concern is not a formal sanction but should serve to underscore the Board's concern for the issues raised in this case. A continuance of this practice could result in a formal sanction by the Board.

This matter is now considered closed. Thank you for your cooperation in this matter.

If you have any questions, you may call the Twila McInnis, Director, Board of Nurse Registration and Nursing Education at (401) 222-1741.

Sincerely,

 Twila McInnis RN, MS, MPA
